

#FastTrackDOA Chants

TPP spells corporate greed
Good-paying jobs are what we need
[Affordable medicine's what we need]
[A clean environment's what we need]
[Family farms are what we need]
[Bank regulations are what we need]
[Internet freedom's what we need]
[Democracy is what we need]

Come on, get off it
Fast Track is for corporate profit

People with AIDS under attack?
No TPP, and no Fast Track!
Working people under attack?
No TPP, and no Fast Track!
Good-paying jobs under attack?
Crowd: No TPP, and no Fast Track!
A healthy environment under attack?
No TPP, and no Fast Track!

No Fast Track Now, No Fast Track Ever
TPP is a lost endeavor

Coast-to-coast and [OUR TOWN], too
People say NO, what about you?

TPP transparency
Release the texts so we can see
Bring it to the light of day
Maybe it will go away

TPP?
Flush it down!

Fast Track?
Fat Chance!

I say Fast Track, you say Fat Chance
Fast Track, Fat Chance x2
I say You Will Lack, you say Fast Track
You Will Lack, Fast Track x2

Fast Track is a sneak attack
We're taking our democracy back!

Fast Track is six feet under
Corporate plans for plunder are torn asunder
Hey Congress, guess what?
We'll kick Fast Track in the butt
